INTRODUCTION

Society of Sahni Drug Transmission (SSDT) was established in the year 2000 and got registered under the society registration act in 2001. The basic inspiration for establishment came from our founder Dr.M.K.Sahani from a Distance. Dr.B.Sahni who discovered Transmission of Homoeo Drug Energy from a Distance sacrificed his life for the health of masses and rebuilding confidence in self-health without medicine. Thus he was also a great promoter of drugless therapies. Being an ardent follower of classical Homoeopathy, he went into the deeper aspect of dynamic and energy medicines of Homoeopathy Many people got inspired with the discovery and became his disciple. Need was felt to have a platform to promote and protect the interest of the energy medicine and its application for the promotion of health of masses. Thus Society Of Sahni Drug Transmission was born in 2000.

MISSION

Society of Sahni Drug Transmission will work for the exploration, promotion of most natural health care system with more emphasis on the remote administration technique to make subject of health within reach for every one.

VISION

Society of Sahni Drug Transmission look forward to bring the delivery of the Health Care system, within the reach the most poorest of the society, by adopting most natural resources within the nature

AIMS & OBJECTIVES

Society is committed towards securing self-sufficiency in health and developing a simple system, which can be suited for the health of the society. Thus it has basic objective
